

# Cobi Rehab XXL chair

Code(s): 9544, 9545

The Cobi Rehab XXL chair is a strongly engineered and functional seating solution for bariatric users, designed to support a very high user weight of 325kg. The user-friendly design makes it easier to get in and out of the chair, providing greater independence and confidence. For added comfort, the height and seat depth of this chair can be easily adjusted to suit each individual. Designed to be easy to move, the chair uses high-tech, lightweight tubing, providing strength at the lowest weight.

## FEATURES

- High user weight of 325kg
- Height adjustable seat
- Butterfly armrests angle outwards for easier entry and exit
- Seat depth adjustable +/-60mm
- Long armrests protrude forward beyond the front of the seat for support
- Light-weight tubing to provide the highest strength at the lowest weight
- Polyurethane foam padded seat, backrest and armrests
- Easy to clean with a removable seat pad
