TA iQ LC - MWD

Code : XTAMWD-LC

The TA iQ LC mid-wheel drive power wheelchair is crafted for adventurous souls, with larger wheels designed to conquer rugged terrain and outdoor landscapes. It reaches a top speed of 15km/h, faster than other powerchairs, with 100Ah batteries for extended range. Powerful 4-pole motors add torque for hills and uneven terrain. It sits lower than any other model available, easing navigation under standard tables and desks, and is approved as a vehicle seat via Dahl docking or a 4 point tie down system.

FEATURES

- Mid-wheel drive for manoeuvrability and everyday versatility
- Flexible suspension for a smoother ride over obstacles
- Low seat-to-floor height to improve reach and access
- Optional tilt, lift or recline power functions
- Modular design with a broad range of accessories
- Approved as a vehicle seat via Dahl docking or 4-point tie down system

TA iQ LC - MWD
