

TA iQ RWD powerchair

Code: XTAIQRWD02

The TA iQ Rear Wheel Drive electric wheelchair is ideal for someone who spends most of their day in their chair. Designed to be used indoors or outdoors, with more speed and range as required. The rear wheel drive provides optimal outdoor performance with greatest torque in steeper terrains, with a max speed of 12.4km/h and an impressive range of up to 40km. Featuring HiLo, tilt and recline, users can sit lower and reach higher in optimum comfort. TA have a wide range of accessories available. C...

FEATURES

- Weight is centered around the rear drive wheels, and with the four wheels, provides improved driving power in more difficult terrain
- Unique suspension on all wheels, providing an extremely smooth ride
- Electric HiLo feature allows the seat to be lowered to a height of 380mm (without the cushion) to fit under any table or desk
- Comes standard with a 300mm electric lift, providing a lifting height of 380-700mm that offers improved access to higher counters and cabinets
- With the Dahl Docking System or the 4 Point Tie Down System, TA Electric wheelchairs may be used as a seat in a car, avoiding the need to relocate to a car seat
- Inside a car, the lower seat height improves vision and headroom
- Electric 300mm HILO elevate, 45 °tilt function are standard
- Option power tilt -4 to 24°
- Longer range up to 40km
- Crash tested for vehicle occupancy
