

Vicair Active O2 6 cushion

Code: XVOCT6

The Vicair Active O2 60mm thick wheelchair air cushion is designed for the active wheelchair users who are into their sports. The cushion is an ideal pressure relief option for users with low to medium pressure injury risks. At 1.25kg average, it offers the unique combination of ergonomically shaped foam at the front and Vicair SmartCells in the rear area. The four rear SmartCell compartments provide a high level of comfort and skin protection, whilst the foam front makes transfers easy, with im...

FEATURES

- Suitable for users with a low to medium pressure injury risks
- Ideal for manual wheelchairs
- Storage pouch at the front of the cushion
- No pressure monitoring or pump inflation required
- The cushion can be cleaned at 60°C when the foam insert is removed
- Perfect pressure reallocation and stability due to the inclusion of the SmartCells. Cells can be added and subtracted as needed for customisation
- Cushion is 100% breathable for comfort, optimal micro-climate temperature, heat transfer and moisture regulation
- Asymmetry - Accommodation and correction mild
- Level of support and stability - Immersion moderate
- Micro climate - Temp and moisture regulation low - very high
