

iRamp aluminium folding ramp

The iRamp aluminium folding ramp is designed as a durable portable ramp to provide a safe and stable transit. The lightweight aluminium material allows for easy handling while still supporting heavy loads such as powered wheelchairs. With a wide flat driving surface it provides maximum safety and security for the user. The ramp is foldable lengthways and features a built in carry handle. The ramp is simple to handle and set up, ideal for independent users.

FEATURES

- A very light ramp made from durable material to withstand heavy loads
- Flat ramp surface provides a smooth transit
- Foldable with a carry handle for easy storage and travel
