

Viking Over Toilet Frame

Durable and Versatile

VIKING®

Over Toilet Frame

This raiser is designed to assist a person on and off the toilet. It can also be used as a bedside commode as it comes standard with a pan and lid. Being height adjustable means it caters for a range of patients needs. The frame is pretreated for extra rust protection which makes it a durable solution. The stackable frame allows for easy storage of multiple frames.

FEATURES

- Stackable steel frame is pre-treated for extra rust protection
- Height-adjustable
- Flip-up seat can be easily removed for cleaning
- Comes standard with splash guard and bowl & lid

SPECIFICATIONS
