HydroGo-E electric shower trolley

Code : 67770

The HydroGo-E electric shower trolley has been designed to enable easy transfers to and from the shower area. Featuring a stable and comfortable platform that is height adjustable, it gives carers an accessible and elevated area while providing support, comfort and safety for those who require bathing in the supine position.

FEATURES

- Height adjustable on both sides of the trolley
- Foldable side rails provide extra security during showering and transporting
- One anti-static castor to eliminate static electricity

HydroGo-E electric shower trolley
