Aqua Shield wash and scale inhibitor

Code : 9113-1

Aqua Shield wash and scale inhibitor 5L is formulated for everyday use with the Panamatic Optima 3 and Panamatic midi bedpan washers. It enhances cleaning before steam disinfection and significantly reduces scale build-up, helping to maintain hygiene standards, protect internal components, and extend the life of your equipment.

FEATURES

- Prevents scale to protect internal components and reduce downtime
- Powerful cleaning performance for healthcare standards
- Keeps nozzles and heating elements clear for consistent efficiency
