DDC Dolphin Panamatic midi bedpan washer disinfector

Code : 9115

The Panamatic midi is a high-capacity bedpan washer disinfector, ideal for busy care environments. Designed to empty, wash and thermally disinfect human waste containers such as bedpans, urine bottles, and washbowls, it helps reduce cross-contamination and the risk of infection. Built from durable 304 grade stainless steel and incorporating advanced technology, it offers a fast, reliable, and cost-effective solution.

FEATURES

- Capacity of two bedpans and two urine bottles
- Intended for emptying, flushing, cleaning and thermally disinfecting by steam, human waste containers for effective re-use
- Stainless steel 304 grade cabinet lid and wash chamber
- Compact to save space, making it suitable to optimise sluice room floorplans
- Hands-free opening, manual lid close and manual start of cycle
- Ultrasonic non-contact sensor promotes hygiene and reduces risk of cross-contamination
- Top-loading for a simple loading and emptying process
- Cold wash cycle for a thorough cleaning process prior to thermal disinfection
- Rotating wash nozzles and spray jets ensure superior wash performance
- Automatic scale management system to prevent blockages, suitable for soft and hard water areas
- Robust, long-lasting, and easy-to-clean high-grade stainless-steel casing
- The plastic front and front decal contain an antimicrobial agent to significantly reduce the risk of microbial contamination
