Etac® Molift Air 300 overhead lifter

Code : 66828

The Molift Air solves all hoisting situations in health care and other patient handling environments. The Molift Air is suitable for sitting and horizontal transfers. It's used with fixed ceiling rails and can be used for portable freestanding systems. It's easy to handle during installation and servicing, due to its low weight and the clever quick release function. This overhead lifter offers flexible solutions such as remote control and options for room-to-room transfer.

FEATURES

- Combined with Molift Rail System and Molift slings, Molift Air to handle most daily hoisting needs in healthcare
- Motor can be electrically propelled along the track using the handset
- Lightweight design and quick-release function make installation and servicing easy
- Standard 3-metre lifting strap offers one of the largest hoisting ranges on the market
- Quiet operation with smooth start and stop

Etac® Molift Air 300 overhead lifter

SPECIFICATIONS

Code(s)	66828
Overall dimensions	W 190mm L 360mm H 195mm
Safe working load	300kg
Product weight	8.56kg
Battery	26,4 V NiMh 2,2 Ah
Battery charge time	6 hours
Hoist interval	3000mm
Rated performance	50 hoists at 75kg
Material	Aluminium, Plastic
