Etac Molift RgoSling net medium-back sling

The Molift RgoSling medium-back is a versatile sling, suitable for both homecare and healthcare environments. Designed with a soft polyester net, the sling dries quickly and is suitable for shower and bathing. With built in ergonomics, it also offers comfortable support for the body and is suitable for those with head control.

The Molift RgoSling medium-back is available in a padded and a net option.

FEATURES

- Made in soft net mesh polyester material that breathes well and dries very quickly
- All-round sling that fits most users and hoisting situations
- Padded version available
- Mesh material is suitable for shower and bathing situations
- Provides support for the body and is suitable for those with head control
- Features sliding loops, application pocket in the back and legrests, and straps for increased weight distribution in the legs
