R82 x:panda shape laterals

Code (s) : 0500-9112, 0500-9115, 0500-9118

The R82 x:panda shape laterals provide postural support by embracing the trunk of the user, enhancing the user's ability to use their arms for daily activities. The fitting is slightly curved, allowing the arms to move freely while the curvature embraces the trunk for a snugger fit. They can be adjusted in width, depth and height to ensure the best fit, and the swing-away function provides easy access to the seat. Available in three sizes.
