R82 x:panda shape upper back support

Code (s) : 0500-9100, 0500-9102

The R82 x:panda shape upper back support provides support for the upper back when the user is seated. It grows in width and adjusts in height to accommodate individual needs and secure the best fit as the user develops and grows. Cushions are chosen separately as accessories, and a kit for frequent, tool-free height adjustment of the upper back is also available as an accessory. Available in small and large sizes.
