Big Bounder 600 bariatric rear wheel drive power wheelchair

Code : BB-600

The Big Bounder 600 bariatric rear-wheel drive power wheelchair has a robust frame and smooth suspension, supporting users up to 272kg. Its rear-wheel drive platform provides stability at higher speeds, and the TIG-welded steel frame is crafted for durability. Independent drive wheel suspension improves ride quality and traction, and ultra-quiet brakes plus high-output electronics round out the design.

FEATURES

- Different colour options available
- Custom dimensions available including extra wide seat widths
- Faster speeds available
- Different power footplate options available
- Tilt, recline, and anterior tilt
- Endomorphic (offset) backposts
- Accommodation for a gluteal shelf
- Available with R-net or LiNX electronics and specialty control options (sip and puff, switch controls, head arrays, etc.)
- Independent Drive Wheel Suspension (IDWS) for improved ride quality and traction
- Extra heavy duty 12 position adjustable suspension forks with oversized 1" diameter bearings and fork stems
- Durable H-style frame, TIG welded 2.5" x 1.5" x 0.125" wall steel for superior strength
- Super Torque 4M motors and ultra quiet brakes
- Sliding dual group 24 battery box for greater range and ease of maintenance
- 9" x 3.50" aluminium caster wheels, excellent on grass and dirt roads
- 13" x 4.00" aluminium/steel drive wheels, smooth or knobby treads available
- Very stable rear wheel drive, does not fishtail at high speeds unlike front and mid-wheel drives
- Easy to service and maintain

Big Bounder 600 bariatric rear wheel drive power wheelchair

SPECIFICATIONS
