TA iQ junior wheelchair

Code : XTAIQFWDJ-TE

The TA iQ Junior front-wheel drive power wheelchair is built to keep up, suiting a wide range of younger users. A low seat height gets the child in under desks and tables, while the outdoor capability of an adult chair opens up the world for kids to explore, reaching speeds up to 12.5km/h with a range up to 40km. Power elevate lets the child reach higher for learning environments, tilt up to 45° supports comfort and pressure relief, and a castor-free front gives confident handling and foot positioning. The chair is safety crash test approved for transport to school.

FEATURES

- Front-wheel drive with castor-free front for confident handling and foot positioning
- Power elevate range from 15″ up to 26″ for table access and reaching cupboards
- Tight turning radius of 25.5″
- Up to 45° power tilt-in-space for comfort and pressure relief
- Speeds adjustable up to 12.5km/h; range up to 40km
- 4-point suspension for a smooth, stable ride
