TA junior paediatric wheelchair

Code : XTAIN02J

The TA junior paediatric power wheelchair is a compact, easy-to-use chair ideal for younger children and first-time users, more manoeuvrable in smaller indoor spaces. Its small 22″ x 27″ base makes it intuitive and easy for young drivers to learn, with an 18″ turning radius that suits tight spaces, and power elevate lets the child reach higher and sit at any desk or table. It has a foldable backrest for compact storage and transport, and is safety crash test approved for transport. With 38Ah batteries providing a reliable daily range, it's well suited to school and home use.

FEATURES

- Front-wheel drive for confident manoeuvring
- Compact footprint at only 22″ by 27″
- Power elevate range from 15″ up to 26″ for table access and reaching cupboards
- Smallest turning radius of just 18″
- Safety crash test approved with Dahl docking or 4 point tie down
