Systam France cushion

The Systam France cushion is a medical high-density polyurethane foam wheelchair cushion. This contoured wheelchair cushion will mould more precisely to the user and perform better over a longer time than a standard crosscut foam wheelchair cushion.
It is an ideal cushion for wheelchair users who require comfort in combination with improved positioning, while achieving a low to medium level of pressure injury risk prevention.

FEATURES

- The anatomical shape, featuring raised lateral edges and a front-to-rear slope, enhances positioning and prevents sliding
- Made of polyurethane HR foam, this cushion is designed for wheelchair users who need a durable foam cushion with excellent resistance to sagging
- High quality, removable, polymaille cover is suitable for light incontinence, and is machine washable up to 95° and 1000rpm spin cycle
- Anti-slip cover base to avoid sliding of the cushion from the wheelchair seat base
- Handle for easier lifting
- Breathable, anti-bacterial, anti-germ, anti-fungal and hypoallergenic
- Level of support and stability - immersion minimal
- Micro climate temperature and moisture regulation low

Systam France cushion
