Cubro®

Bea II duo-tone mobile recliner

The Bea II duo-tone mobile recliner is the latest evolution of our most loved recliner, now available in a striking two-tone finish. Choose from full vinyl or a split option with soft fabric on the arms and a vinyl seat, combining durability with a residential look and feel.
The duo-tone design enhances visual contrast, supporting orientation and independence for memory care residents. With a slimmer arm profile and adjusted arm and seat height based on customer feedback, the Bea II mobile recliner delivers superior comfort and ease of use. It retains the retractable legrest, and meets the lat…

FEATURES

- Dual-tone design enhances visual contrast
- Sleek and modern design
- Slimmer arm profile compared to the Bea recliner
- A zero-gravity position can be achieved when reclined, creating a comfortable place to rest and assists with pressure care
- Legrest folds securely away, allowing the resident's feet to plant firmly on the ground, forming a 90° angle, before safely exiting
- Retractable legrest, durable base and meets the latest restraint guidelines
- Curved arms provide an easy grip surface and assist the resident getting in and out of the chair
- Curved wings promote lateral support and correct posture, so the resident feels both comfortable and supported
- Recline system can be easily controlled by the resident or care staff, depending on the individual needs of the resident
- Equipped with easy-to-wheel, smooth twin-track castors and timber push handle, the resident can be moved around with ease
- Designed with a unique steel base plate, creating a solid, durable foundation for the chair, helping to eliminate general wear and tear seen with usual timber framing

Bea II duo-tone mobile recliner
